DETAIL TALENT.

About Us!

Detail Talent is a specialist construction recruitment consultancy headquartered in the Middle East. With a deep understanding of the region's dynamic construction industry and strong international network, we deliver high-caliber talent to projects across middle east in record time without compromising the quality.

We understand of the grit, skill, and precision that the construction & engineering projects demands and we specialize exclusively in connecting construction & engineering companies with top-tier talent.

With extensive years of hands-on experience and a laser focus on the construction sector, we understand that a successful build starts with the right people upfront, that's why we don't just match resumes to job descriptions we match people to purpose, solid expertise, culture, and vision.

Our Service

1 Executive Search & Headhunting

Finding the right leaders in construction isn't just about credentials it's about resilience, foresight, and the ability to manage people, projects, and pressure. At Detail Talent we specialize in Executive Search & Headhunting for the construction sector, connecting businesses with senior talent that drives growth, productivity, and innovation from the ground up.

2 Project-based Recruitment

In construction, every project is unique and so are the staffing needs that come with it, therefore we offer Project-Based Recruitment solutions that deliver skilled professionals when and where you need them, helping you scale your workforce to match the demands of each job.

Whether you're mobilizing for a new high-rise development, ramping up for a fast-track infrastructure build, or need specialists for the final stretch of a large-scale project, we've got you covered.

3 Contract & Permanent Staffing

We provide flexible Contract Staffing and long-term Permanent Staffing solutions that are built specifically for the unique demands of the construction sector. Whether you need a short-term boost to meet a project deadline or looking to build a high-performance core team, we deliver skilled professionals who know the job, the environment, and the expectations of the field.

Our Mission

Our mission is to deliver reliable talent with speed & precision in order to meet our clients strategic needs.

Our Vision

Creating lasting value for our clients, our candidates, and the communities we help build.
